**OPUS GROUP, LLC TEAMS WITH METTERS, INC. TO WIN DEPARTMENT OF
HOMELAND SECURITY CONTRACT**

McLean, Va.—(April 15, 2013)—Opus Group, LLC (Opus Group), a management and technology consulting provider of customer relationship management (CRM), Business Intelligence (BI) and Data Warehouse strategy, technology, and governance consulting services to federal and local government agencies, teamed with Metters, Inc. to win the Standard Lightweight Operations Programming Environment (SLOPE) Development Support Contract (DSC) with the Department of Homeland Security’s US Citizenship and Immigration Services (DHS USCIS).

“We have been serving USCIS since 2006 and we are excited to continue this relationship by working with our teaming partner, Metters, Inc. to provide Agile IT systems that address the most challenging issues surrounding immigration,” said Alex Guo, managing member of Opus Group.

As part of the Metters team, Opus Group will provide business analysis, development, testing, and training services based on the Agile development methodology to support USCIS’s mission to strengthen the security and integrity of the immigration system. Application development support will be provided to USCIS customers nationwide and at USCIS headquarters in Washington, DC.

Opus Group, LLC is a Small Business Administration (SBA) certified 8(a) firm that provides customer relationship management (CRM), Business Intelligence (BI), and Data Warehouse (DW) strategy, technology, and governance consulting services to public sector, commercial, and non-profit clients.
